Bluetooth® Hands-Free Kit 3200 LS-Colour

The 3200 LS-Colour is one of the most advanced hands-free kits on the market and the first with a colour LCD screen. With the 3200 LS-COLOUR you will be able to place and receive calls in comfort and safety, without ever touching your mobile phone.

FEATURES:

What makes the difference...

- LCD colour screen
- TFT 160 x 128 pixels with 262,144 colours
- Adjustable brightness and contrast
- Customised colour interface with wallpapers
- Caller photo display
- Display of the last numbers dialled, missed calls and calls received
- Colour themes for choosing the graphical interface
- Up to five mobile phones registered
- Address phone book synchronisation
- Echo cancellation
- Full duplex
- Voice recognition up to 150 names
- Hi-Fi polyphonic ringtones

Benefits

- The voice recognition feature enables numbers to be dialled automatically by stating the contact's name: "Call John"
 - If photos are stored with your phone contacts, they can be displayed on the screen
 - Take advantage of a universal Bluetooth® solution. The MotorOne 3200 LS-COLOUR is compatible with Bluetooth® telephones
- * Please check compatibility with phone models.
